| - Test Driven Development TDD   | - Stakeholder Management | - Strong Analytical and Problem-solving Skills |                     |
| - Scrum                         | - Mentoring              | - Software Development Life Cycle              |                     |
| - Risk Analysis and Management  | - Work Under Pressure    | - Change Management                            |                     |

### MANAGEMENT TOOLS

---

- |                    |                        |         |          |                    |
|--------------------|------------------------|---------|----------|--------------------|
| - Atlassian Jira   | - Atlassian Confluence | - Slack | - Figma  | - Google Workspace |
| - Microsoft Office | - AWS                  | - Azure | - GitHub |                    |

### PROGRAMMING SKILLS

---

- |                                 |  |                   |                         |           |
|---------------------------------|--|-------------------|-------------------------|-----------|
| - C# (ASP .Net & ASP .Net Core) | - Java   | - Python (Django) | - Python (scikit-learn) | - Node.js |
| - Microfocus COBOL              | - Angular  | - Vue             | - React                 | - MS SQL  |
| - PostgreSQL                    | - Microsoft Power Platform (Power Apps, Power BI, Power Automate, Dataverse, SharePoint) |                   |                         |           |
| - Artificial Intelligence       | - LLMs   |                   |                         |           |

### PROFESSIONAL EXPERIENCE

---

#### **Project Manager (Part-Time - Remote)** (April 2023 – December 2024)

Thkee, Riyadh, Saudi Arabia

- Managed a technical team of 10 to 12 members to build a learning management platform
- Communicate with the owner to get the requirements, set priorities, create sprints, and distribute tasks among the team.
- Facilitated daily standups and regular demos.
- Evaluate development, calculate risks, and manage hiring processes.

---

#### **Higher Executive Officer** (September 2020 – Present)

Foreign, Commonwealth and Development Office (FCDO), Dhaka, Bangladesh

- Collaborated with stakeholders and business analysts to understand business requirements and ensure the successful execution of bespoke application development projects.
- Led and monitored multiple ongoing projects, ensuring alignment with business priorities and forecasts.
- Facilitated team meetings to share project requirements, resolve issues, and foster a collaborative environment.
- Prepared detailed project plans, identified risks, and developed mitigation strategies to ensure project success.

---

**Higher Executive Officer** (July 2019 – August 2020)

Department for International Development (DFID), Dhaka, Bangladesh

- Managed projects for software/IT services, product design and development, and campaign execution, ensuring timely and successful delivery.
- Worked closely with the development and QA teams to refine ideas, provide solutions, and oversee implementation within project deadlines.
- Maintained project documentation, including plans, schedules, meeting minutes, and reports.
- Conducted project evaluations, identified areas for improvement, and implemented process enhancements.

---

**Executive Officer** (October 2015 – June 2019)

Department for International Development (DFID), Dhaka, Bangladesh

- Developed .NET-based bespoke applications, providing remote system support and maintenance.
- Designed a unique and calculation-intensive application for the finance department, streamlining HR workload significantly.
- Provided support and assistance to colleagues worldwide for bespoke system implementations.

---

**Software Engineer** (November 2013 – June 2015)

Proggasoft, Dhaka, Bangladesh

- All the clients were based in Vancouver, Canada.
- Developed different web-based systems using ASP.NET MVC, Google Map API, Geolocation API and Amazon AWS.
- Managed two projects as a project manager. I've adopted Agile Software Development, some software architecture and design patterns in the latest application.

---

---

**EDUCATION**

---

**PMP(R) Exam Preparation Course - 35 PDUs** (November 2024)

PMaspire Group, Bangladesh

---

**Postgraduate Diploma in Project Management (PGDPM)** (October 2023 – May 2024)

Academy of Business Professionals/EduPro, Bangladesh – United Kingdom Collaboration

---

**Master of Science in Computer Science and Engineering** (Fall 2017 – Summer 2019)

United International University, Bangladesh

**Publications:**

- Ahmad, Ahsan, Hao Lin, and Swakkhar Shatabda. "Locate-R: Subcellular localization of long non-coding RNAs using nucleotide compositions." *Genomics* 112.3 (2020): 2583-2589.
- Ahmad, Ahsan, and Swakkhar Shatabda. "EPAI-NC: Enhanced prediction of adenosine to inosine RNA editing sites using nucleotide compositions." *Analytical Biochemistry* 569 (2019): 16-21.

**Thesis:**

- Ahmad, Ahsan. "Enhanced prediction of A-to-I RNA editing sites using nucleotide compositions."
